Subject: RE: Trolley deliveries

Hi Nina

Firstly thank you for assisting Corrs during the month of October with the daily pick up and deliveries.

Overall we were extremely happy with the professional service provided by Goals. You made our job much easier as we gained trust in your team and felt that our deadlines would be met. Feedback from my stakeholders was also very positive.

Job well done to all those involved.

Once again thank you for your assistance.

Kind regards

Tracey Cox
