Dear Rajiv

[REDACTED] has forwarded to us the Goals A+N invoice and it is in the process of being paid.

I did want to write to you, on behalf of Brian Ambler and Martyn Tier, to thank you for the lead up to, and execution of, your relocation of TressCox from 135 King Street across the road.

We were particularly pleased with the way in which Shontae, generally, and Mohammed, with respect to IT, not only effected the move itself, but their ongoing willingness to be of assistance – nothing seemed too much trouble.

Please pass on our collective thanks to each of them.

We would be very comfortable if you wished to use your recent move of TressCox as part of your referral base for other projects.

Kind regards

Yours sincerely
TressCox
